

SLIDETRAX™ RAILS

Overview:

Customize your kayak with removable accessories with the industry-leading SlideTrax rails, featuring a strong marine grade anodized aluminum and three size options – 4 in., 8 in., and 12 in. Accessories are easy to install with a simple top-load access point.

Ships with:

- 1 rail
- Installation hardware: screws, washers, and nuts

Tools and materials required:

- Drill
- 13/64 drill bit or #9 drill bit
- 3/32 Hex Wrench
- 11/32 Wrench
- Anti-Sieze lubricant
- Marine Sealant

Installation:

1. Position the track onto the spot that you want it permanently attached.
2. Using the holes in the track as a guide, drill pilot holes with a 13/64 drill bit or #9 drill bit.
3. Insert the provided screws into the drilled holes.
4. (Optional) Once all holes are drilled, remove all screws and apply anti-seize lubricant to the screw threads.
5. (Optional) Apply marine sealant into each hole.
6. Install each screw and tighten with the provided nuts and washers.

Light Care & Maintenance:

- Rinse with fresh water after each use.
