- F XL Rudder Kit
- G AirPro MAX Lumbar Support
- H Silent TracIon Pads
- I Helix PD™ Pedal Drive

## 2018 LINEUP

## TARPON

### THE MOST REVERED SIT-ON-TOP KAYAK EVER MADE.

The Wilderness Systems Tarpon is a perfectly balanced performance sit-on-top kayak that was designed to achieve your paddling goals in variety of paddling environments. The revered Tarpon was engineered with a unique hull flare that allows for unparalleled stability and tracking while still maintaining speed and responsive handling. The luxurious Phase 3® AirPro seating system offers quick and easy back and leg support, making the Tarpon one of the most comfortable sit-on-top kayaks in the world. The Tarpon offers a number of storage options with a large Orbix hatch on the bow and a tankwell with bungee to secure your gear. The easily accessible 8-inch midship Orbix hatch and mesh pockets put storage right at the paddler's fingertips. The patented SlideTrax™ system comes standard and allows you to easily outfit and accessorize your kayak without drilling – an ever-popular industry-best option for the aspiring kayak angler.

## PUNGO

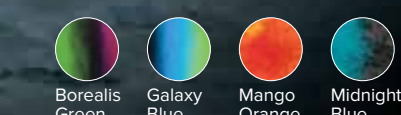

### LUXURY ON THE WATER.

The Wilderness Systems Pungo is the world's best-selling, highest rated sit-inside recreational kayak. The renowned design offers reliable stability and tracking that gives new and intermediate kayakers the confidence to achieve their next level of paddling skills. The ergonomically designed Phase 3® AirPro seating system offers easily adjustability for all-day comfort on the water, making the Pungo the world's most comfortable kayak, while the spacious cockpit provides red-carpet entry and exit every time. The quickly removable Kayak Konsole gives easy-access to gear, while a large Orbix hatch in the rear provides plenty of secure dry storage space for valuables. The Pungo family of performance recreational kayaks features a size for everyone – a 10 foot, a 12 foot, and a 14 foot model.

## 2018 KAYAKS & ACCESSORIES

PERFORMANCE TOURING AT ITS PEAK.

An icon is reimagined in the all-new Tsunami. The aesthetics of the new Tsunami inspire performance, exploration and achievement with modern deck lines, while a focus on improving the paddler's experience sees new features incorporated into the design – two removable mesh deck storage bags are perfect for stowing close-at-hand items, and an under-deck storage area provides another alternative for staging your favorite beverage. Small changes with big effects have also been integrated into the hull – the flared sidewalls and increased volume above the waterline have been improved to provide more confidence and stability, while the longer waterline has increased speed and efficiency. Phase 3® AirPro seating ensures hours of paddling in the world's most comfortable kayak. Available in three sizes, the Tsunami has been optimized so that any paddler can feel comfortable regardless of their kayak's length.

**THE WORLD'S MOST COMFORTABLE KAYAK.**

Whether it's another cove to explore, a hot bite, or just an amazing sunset – there's always a reason to stay out on the water a little longer. An uncomfortable seat shouldn't be a reason not to. The patented Phase 3® AirPro seating system is the core of what makes Wilderness Systems the world's most comfortable kayaks. Designed with innovative features that add comfort and adjustability, simply to keep you paddling.

SPECIFICATIONS

**WEIGHT**  
Average based on a fully assembled boat including all outfitting. (NOTE: Other companies may not include outfitting in their weight specifications.) Due to variances in production actual weights may vary +/- 2 lbs.

**CAPACITY**  
Field tests determine each model's capacity, with maximum being the greatest load the model can carry and still perform under typical conditions.

**DIMENSIONS**  
Measured at points indicated by the accompanying diagrams. Touring boat depths are measured from the floor of the boat to the top of the cockpit.

ASPIRE	COCKPIT		DAY HATCH		STERN HATCH		BOW HATCH		MAX CAPACITY

All Wilderness Systems kayaks are designed and manufactured in the U.S.A. Colors may vary slightly from those shown in catalog. Color combinations (Borealis Green, Galaxy Blue, Mango Orange, Midnight Blue, and Solar Yellow) will vary from those shown in catalog and are unique for each boat we produce.

Variances in color are not covered by warranty.

Polyethylene expands and contracts with changes in temperature and humidity. Actual dimensions can vary from those shown in the Specifications Chart due to molding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty.

Specifications and features are subject to change.
