

TSUNAMI DECK POCKETS *Patent Pending

Installation Instructions

The Left and Right Deck pockets will be fastened to the seat to protect them during transportation. These instructions will aid you in installing them on the deck of the boat.

1. Remove the deck pockets from the seat.
(You will need a knife or scissors to complete this task)

2. Un-hook the center of the deck bungee from the fittings on the deck.

3. Place the pockets on the deck with the openings facing the paddler position.

4. Place the round fittings through the slits in the top corners of the pockets.

5. Place the round fitting through the slit on the tab on the back of the pocket.

6. Release the hook and loop fastener on the bottom side of the deck pocket.

7. Wrap the bottom of the pocket around the static line under the pocket.

8. Reattach the hook and loop fastener.

9. Repeat for the other side.
